

Cloud Software and Systems

CS-E4190

Fall 2021

# Certificate

OF OUTSTANDING ACHIEVEMENT

*Seyed Alireza Fatemi Jahromi*

has completed the Cloud Software and Systems course (CS-E4190) at Aalto University in Fall 2021 with an outstanding achievement. The course provides skills to understand how distributed applications are supported by a cloud computing infrastructure, write software that leverages modern computing paradigms, and manage the resources offered by cloud platforms.
